

Chapter	School Name	Fall 2010 Chapter Report
ALPHA	Allegheny College	<p>The brothers of Alpha Chapter at Allegheny College take pride in the designation Alpha, which to us signifies a higher calling of fraternal leadership and excellence. As a result of this fraternal pride, the Delts of Allegheny College have truly aimed for excellence over the past year. Academically, we now sit first among all fraternities on campus and second among all Greek life organizations. Socially, we have been crowned the winner of Greek week, and are held in high regard by both Greeks and non-Greeks alike. Philanthropically, we have set high standards for individual service requirements and also find that many of our members are already part of other philanthropic organizations, such as Alpha Phi Omega, a service fraternity, and the Bonner Leader Program, a college program that gives students the opportunity to participate in service in the Meadville community.</p> <p>But most importantly, Alpha Chapter is strong in the fraternal bonds that bind us all as a brotherhood, which comes as a result of the effective leadership and accountability which have both become daily standards in our chapter. These accomplishments, and the obvious pride that we take in our chapter as Alpha Delts, continue to bring high quality men of character into our chapter and will continue to make Alpha chapter first among equals at Allegheny College.</p>
GAMMA	Washington & Jefferson College	Did Not Submit
DELTA	University of Michigan	<p>This past semester, our chapter was very active in the philanthropic events around the campus. During the first week of school, we organized an event on the Diag, showing the documentary "Haze" to raise awareness for the Gordie Foundation. Dominos and Jimmy Johns sponsored the event. The following day, we partnered with BTB to raise money for the Gordie Foundation. Later on in the semester, during the Greek Service day, our chapter had the highest number of participation of any fraternity on campus. We were also very active in the Intramural Sports, our volleyball team placed second in the Intra-Fraternity League. For the 2010 Homecoming game versus Iowa, there was a cookout at the Shelter for the alumni and their families. There were some updates to the Shelter this semester as well.</p> <p>The front patio of the house was re-done. We also implemented a meal plan with a chef cooking in the house, something the brothers have been wanting for a long time. Now all of the brothers get together for dinner at the house. It's a great bonding experience for all the guys, especially for the brothers who don't live in the Shelter.</p>
EPSILON	Albion College	<p>The fall semester of 2010 for Delta Tau Delta Epsilon Chapter has been an excellent year. We recently added two new recruits and will be initiating them in the near future. Our chapter has been involved in a cornucopia of philanthropy events, and has been recognized by our community for a job well done. Some of these events include mentoring kids at local schools, planting trees around the community, and weeding gardens in local areas. Social events at our house have been very positive, most of the parties reach max capacity and we are throwing more mixers with on campus sororities. We have voted in our new executive board, after our old executive board made great strides in improving the house. During homecoming in the fall semester we had many alumni visit the house and interact with the current members. This fall has been a good fall for our chapter and has helped make our chapter better.</p>

Chapter	School Name	Fall 2010 Chapter Report
ZETA	Case Western Reserve University	<p>The brothers of Zeta Chapter have had a productive semester under our new executive committee. We have continued our emphasis on philanthropy, completing over 300 hours of service to a local animal shelter, our Adopt-A-School, Citizen's Academy, and a number of other on-campus charity events. We continued our new philanthropy event of Delt Caddyshack this semester, hopefully establishing it as an annual event on campus. Our grades have remained strong, with an average of 3.17 GPA. We had a number of academic-related events as well, including our annual faculty dinner, a resume-review by alumni, a presentation on choosing and applying to medical school by Dr. Dilulio, the dean of Pre-Medicine at Case, a trip to the "Bodies" exhibit in downtown Cleveland and our first issuing of the "Lives of Excellence" scholarship.</p> <p>The scholarship was open to freshmen and included a series of questions, an essay and an interview with the freshmen to determine the recipient. We initiated 11 new brothers and had a number of alumni, as well as members of Delta Omega (Kent State University) and Iota Iota (John Carroll University) Chapters in attendance at Initiation. We also sent a number of brothers to the Iota Iota Initiation. We hope to continue these inter-chapter relations, as well as maintain and improve our philanthropy and academics.</p>
THETA	Bethany College	Did Not Submit
KAPPA	Hillsdale College	<p>This past semester, Kappa Chapter has continued to be a force for excellence within the fraternity system at Hillsdale College. Though our fall pick up was not large, our future brothers can only be described as extraordinary, and we are confident that they will motivate us to become better men even as we in turn help them to do the same. Kappa Chapter again achieved the highest overall grade point average among fraternities, winning the Scholarship Cup for the fourth semester in a row. Kappa Chapter has won this award every semester since becoming eligible to receive it. We are not content simply to foster our own academic well being. Our Chaplain has hosted a weekly Bible study, a blessing and encouragement to all the Delt brothers who attend. Our Community Service Chairman has worked especially hard to develop our relationship with the Hillsdale community through a new campaign devoted to, as he has named them, "Tangible Acts" of service.</p> <p>Thus far we have continued to volunteer at Davis Middle School through the Adopt-A-School Program, roofed a house, painted the local Salvation Army, painted and cleaned up a local park, raked leaves for the elderly, and built a shed for an underprivileged family. Our Philanthropy Chairman has worked to encourage Kappa Chapter to continue its fight against slavery, raising money and awareness through the sale of abolition apples and fair trade chocolate. Living ever in the <i>Delt Creed</i>, we are constantly reminded of the challenge in our Kappa Chapter mission statement: to do justice, love mercy, and walk humbly.</p>
MU	Ohio Wesleyan University	<p>This semester has been quite the year for Mu chapter with many events unfolding. We had our Semi-Annual Beach Bash where students and faculty compete in a volleyball tournament and the proceeds for entry go to support the Red Cross. We raised around \$500 that went to the Red Cross and helped specifically the Haiti and Chile relief funds. In addition, we held a new event we plan to keep with which was Delt's Fall Fest where students were asked to donate food points and money to help the People In Need (a non-profit food store for the homeless and needy). We were able to raise roughly \$500 as well for People In Need, and were able to get quite a large amount of food points which totaled to somewhere around 800 pounds of food donated.</p>

TAU	Pennsylvania State University	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
UPSILON	RPI	<p>As the fall 2010 semester winds down, we can look back upon our success and accomplishments over the past year. As always, academic success is held in high regard and we have continued to take steps to promote high academic achievement. This fall we hosted another successful alumni weekend celebrating our 131st year on campus with a large number of returning alumni. We have continued progress towards the Delts Initiate Green (D.I.G.) project, which involves us taking many steps toward a more energy efficient and environmentally friendly house and establishing ourselves as the first residency converted to an LEED certified building. In athletics, we have challenged ourselves to participate in the most competitive division of IFC sports on campus and have supported each other in our endeavor to place ourselves among the top Greek athletes on this campus. Additionally, we are planning and looking forward to our first Spring Rush for the coming semester.</p> <p>We anticipate a successful rush with the help of our newest members. We have participated in several community service events around the capital district including helping out with a marathon and half marathon in Albany, an anti-drug program at a local elementary school, and a rally to raise awareness of harassment and abuse. As the semester comes to an end we look forward to seeing how the newly elected officers will operate over the next year. We hope to continue the progress we've made over the year and constantly better ourselves and the Fraternity.</p>
CHI	Kenyon College	<p>Chi Chapter at Kenyon College started the fall semester off on a bright note as the result of exciting summer renovations of the Shelter, funded by our very generous and much appreciated chapter alumni. Continuing on this high note, we hosted a successful blood drive with our local Red Cross this past September that led to a much higher than expected number of donations. While remaining active on the community service scene, we also participated in various brotherhood events including an October outing to our Chapter Advisor's farm an hour from campus. In addition to grilling burgers and hot dogs, this outing served as an opportunity for the chapter to reflect upon the successes and failures of the past semesters and focus on the betterment of our brotherhood. Later this October we enjoyed a visit from the Northern Division President, Bruce Peterson, in which we had another cook out and proudly displayed our chapter's recent renovations to our Shelter.</p> <p>Along with our share of social activities, our most recent meeting served as elections for our chapter's executive positions. While we are grateful for the direction that our former executive position holders have taken us thus far, we look forward to a promising group of new leaders who we are confident will continue to take our chapter in the right direction in the semesters to come.</p>
OMEGA	University of Pennsylvania	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
BETA ALPHA	Indiana University	<p>Dunn Meadow is a large area in the middle of our campus and was also the scene for our first recruiting event this fall. It takes place on the first day of official rush and every fraternity sets up a table in the meadow in order to meet potential rushes and to answer questions about the fraternity and the Greek system as a whole. Dunn Meadow was a big success this fall as we were able to meet several hundred rushes and convert that into a new class of 30 members. Our fraternity is located on the extension of Jordan Avenue along with many other Greek Houses and this year we all participated in Safe Halloween. We paired with another sorority and dressed up so that we could pass out candy to local trick-or-treaters as they walked up and down the extension with their parents. This was a great opportunity for our fraternity to get involved with the community.</p> <p>IU Dance Marathon is the nation's 2nd largest student-run philanthropic event and was able to raise over \$1.5 million this year. We assembled a team of dancers and raised money as a house in order to contribute to this wonderful cause which benefits the Riley Hospital for Children. The dancers who represented our house worked on routines and danced for 36 straight hours.</p>
BETA BETA	DePauw University	<p>Beta Beta Chapter at DePauw University was teeming with activity throughout the Fall Semester. A majority of the chapter members participated on the school's football team. The squad completed a tremendous season and reached top 25 in national polls. The Tigers, led by seventeen senior Delts, finished the year with a 9-2 record and hosted the first home playoff game in university history. The chapter strived diligently to reach out to the university and the greater Greencastle community. Members of Beta Beta took part in a campus wide event called Greek Week. The goals of this event included promoting the Greek community within the university and strengthening bonds between other Greek organizations. The chapter also participated as one of several community homes in the 28th annual Holiday Home Tour, hosting over 200 local residents. Proceeds from the tour were used exclusively to support the Delta Theta Tau Scholarship Fund and philanthropy donations to Putnam County programs such as the Summer Enrichment Program, Johnson-Nichols Health Clinic, and the Reality Store.</p> <p>A Christmas light decoration contest served as our philanthropy event for the semester. Profits collected from the event were donated to local Putnam County charities. The chapter also finished two major structural improvements over the semester. The upstairs library gained new office supplies including individual work cubicles and white boards to promote further academic scholarship. Our sunken garden received a beautiful, new stone tile resurfacing. We hope these facility upgrades will aid Beta Beta during the recruitment period in spring semester.</p>

Chapter	School Name	Fall 2010 Chapter Report
BETA GAMMA	University of Wisconsin	<p>The beginning of a new academic year has brought about yet another semester of excellence for Beta Gamma. We are proud to announce we initiated four eager and energized new men. Their initiation took place in mid-November bringing our current active roster to 34 members. Once again, our chapter is competing in the prestigious Humorology show, a fundraiser and competition where Greek houses write and perform musicals to benefit charity. We also continued to recognize the support of our generous alumni and Housing Corporation with our alumni Brewers baseball game, held August 21st at Miller Park. We also held a pre-game barbeque at our house on Lake Mendota before the Badger football homecoming game against Minnesota to recognize the support of our alumni.</p> <p>Our chapter also held the 'No Shirt, No Shoes, No Problem Dance Party' philanthropy, sponsored by Goodwill. This philanthropy collected lightly used clothes from students and raised money to help support the local Goodwill Stores in south central Wisconsin. With one semester of the 2010/2011 school year under our belts, we look forward to continue leading the Lives of Excellence this spring! The Beta Gamma chapter is a large supporter of other organizations and our members are spread out through the many organizations on campus. Our chapter is continuing to make its mark in the campus Greek system. We currently have members serving on IFC and the Greek Judicial Board, providing us with a reliable connection to not only the rest of the Greek system, but also the entire campus. We also encourage all members to join other non Greek organizations on campus. Currently, every member is in at least one other organization with many of them holding leadership roles in their respective organizations.</p>
BETA DELTA	University of Georgia	<p>This semester was a successful one for Beta Delta. We were able to get new members that we feel will contribute to various aspects of Delta Tau Delta immediately and in the long run. The brothers of Beta Delta have worked hard to increase relations with the members of The University of Georgia's sororities by attending and contributing to their various philanthropies. Beta Delta had a successful homecoming turnout this year combining both alumni and parent weekend. This was a great way for the parents of Beta Delta's current members to interact with and witness the large alumni base that supports Beta Delta. On November 7th through the leadership of Brothers Jodi Danneman, David Lee Wright, Doug Russell, and Ben Brinson, Beta Delta held a day long brotherhood retreat to brainstorm an action plan for the spring semester. All of Beta Delta's members were in attendance as this was a great opportunity for the brotherhood to work together as a group and improve on this past semester.</p> <p>As the fall semester comes to a close, the brothers of Beta Delta are focusing in on finishing out the academic semester strong in order to boost the fraternity GPA for the second straight semester. In closing, the brother's of Beta Delta would like to thank our alumni for their continued support and welcome any of you to stop by the shelter and meet some of the newer members whom you may not know.</p>
BETA ZETA	Butler University	<p>The Beta Zeta chapter of Delta Tau Delta has had a busy fall semester. The chapter initiated one new member as well as their faculty advisor who has shown a commitment to helping brothers achieve their academic goals. The chapter also began a second philanthropy event called Delt Dunk that consisted of a 3 on 3 basketball tournament that raised money for the Matt White Cure ALS Foundation. We raised over \$3000 for the Foundation. As a chapter, the brothers have volunteered at Rebuilding the Wall, which helps clean up the surrounding neighborhood. Brothers have also been to Damar Center to play basketball with handicapped kids. To continue with the volunteer theme, brothers were auctioned off to help raise money for a charity known as Tatum's Bags of Fun. Many brothers went to a couple's home and did yard work.</p> <p>Academics is highly stressed in our chapter and as a result, the chapter held an academic dinner in which brothers invited professors and college officials to come eat at the house. During the dinner, a presentation was made to show brothers' progress through the semesters as well as how the chapter is doing compared to other fraternities on campus.</p>

Chapter	School Name	Fall 2010 Chapter Report
BETA ETA	University of Minnesota	Did Not Submit
BETA THETA	University of the South	Did Not Submit
BETA LAMBDA	Lehigh University	The Beta Lambda chapter at Lehigh University has ended the fall semester with several accomplishments, fixing both internal issues and strengthening ties with the university and the community at large. Internally, we have successfully fixed many of the issues that plagued the chapter during the past few years. Our Honor Board is fully constituted and we have instituted a new penalty system that has successfully held brothers accountable for their actions. We have also hired a new chef. He is a great addition to the house dynamic and all brothers enjoy his cooking. At the newly reestablished Greek Week, the Beta Lambda chapter teamed with another fraternity and a sorority. Working together, these chapters won the Greek Week competitions and raised \$5,000 for Turning Point, a local shelter for abuse victims. We invite all brothers to log into our new website, www.ludelts.com , to stay updated on chapter announcements and upcoming alumni events.
BETA MU	Tufts University	Did Not Submit
BETA NU	Massachusetts Institute of Technology	<p>In the fall semester the Beta Nu chapter of Delta Tau Delta participated in numerous charitable activities. Included in these are Sigma Kappa's Late Night fundraiser and Alpha Phi's Homecoming. Late Night is an event that the sorority Sigma Kappa puts on annually to raise money for Alzheimer's disease research. The pledges in the class of 2014 began preparing weeks in advance for the show and it paid off in the end. They put on a loudly-applauded act filled with music and choreographed dancing, both bringing the new class of Delts closer together as well as supporting a venerable cause.</p> <p>Furthermore, we had two members of the Beta Nu chapter as nominees in Homecoming, a fundraiser for cardiac care research put on by the Alpha Phi sorority. Many individuals in the house supported our nominees, by earning points either monetarily, by participating in organized events like dodgeball and a bbq, or collecting cans. One nominee made it to fourth overall of about 20 nominees total. Overall, this has been a successful semester for the Beta Nu chapter of Delts in fraternity accomplishments, and this doesn't even touch on individual achievements. We look forward to an even better spring semester with Relay for Life and other activities we plan to participate in.</p>
BETA XI	Tulane University	This fall has been a great semester for the Beta Xi Chapter at Tulane University. The semester has been filled with many important events. Our chapter hosted an event during homecoming for the 25th reunion of Beta Xi alum. All of our members have helped out the city of New Orleans through philanthropy events including Habitat for Humanity and volunteering at local elementary schools. The semester has also been filled with many brotherhood and recruitment events. We look forward to the future of Beta Xi and the semester ahead.
BETA OMICRON	Cornell University	Did Not Submit
BETA RHO	Stanford University	<p>The fall quarter has been a productive one for the Beta Rho Chapter of Delta Tau Delta. With several members of the chapter on the Stanford football team, the team's success has been a highlight of note throughout the quarter. Our very own Owen Marecic has had a truly dominating year on both sides of the football. Going along with the multiple football connections Beta Rho has, we have hosted tailgates together with Toby the Van. All the attention to Stanford football was not missed by ESPN, who featured our very own Ben Laufer in one of their ESPNU episodes. Outside of the exciting football season, the Delts have had numerous successful brotherhood events, highlighted by our "Unspecial Dinner."</p> <p>We have been focused on making our presence felt throughout the campus, and undoubtedly our campus party "How the Delts Stole Christmas" helped in that effort. We believe that extending our campus reach will let others see how enjoyable this brotherhood can be, and we hope to see this reflected in our recruitment efforts. All in all, it has been a fruitful quarter for the Delts, with many more to come!</p>

Chapter	School Name	Fall 2010 Chapter Report
BETA TAU	University of Nebraska	<p>Beta Tau started the fall semester with the addition of 36 new members. Twenty-two of these men initiated at the culmination of the first 8-week initiation period. The undergraduates enjoyed a busy fall as we played host to our annual alumni reunion, Homecoming week, two parent's days, and the Just Happy to Be Here social event which continues to serve as a fall cornerstone. Of these events, we were especially energized by the strong attendance at the alumni reunion. Beta Tau also continued the, now annual, Gabe's Gang philanthropy which seeks to provide financial assistance to the parents of an autistic child so that he may receive the specialized education his condition requires. However, the capital campaign for the renovation of the shelter evokes the most enthusiasm from the undergraduates.</p> <p>The prospect of a newly remodeled Shelter, specifically tailored to meet the needs of today's college student, has the men of Delt eager for the future and focusing on how we can do our part. The entire executive committee and a majority of the undergraduate members have collectively pledged over \$40,000 of financial support for the campaign. I would like to take this opportunity to extend our sincerest appreciation for all that our alumni have done and continue to do for the undergraduate chapter, especially in connection with the capital campaign. Without your support this project could not become a reality. On behalf of the undergraduate chapter, I thank you.</p>
BETA UPSILON	University of Illinois	Did Not Submit
BETA PHI	Ohio State University	<p>The fall quarter was a great time to be a Beta Phi Delt both young and old. The Beta Phi Chapter has started a tradition of inviting current and past brothers to the house for a celebration before The Ohio State Buckeyes early marquee football matchup. During this year's annual alumni tailgate, more than one hundred Delts gathered to celebrate the enshrining of seventeen brothers into the Beta Phi Wall of Fame. It was a great time of celebration for the brothers and their families. The list of those enshrined is as follows: Arthur Walling 1911, William Dougherty '17, John Galbreath '22, Carlyle Baker '38, Leslie Horvath '43, Robert Kergerreis '43, John Oliver Jr. '43, Thomas Parker '43, Dante Lavelli '45, Rupert "Twink" Star '46, Jack Kindler '55, William Mackenbach '57, Donald Kindler '55, Millard Byrne '66, Dr. Frank Woodside III '66, Senator Tom Carper '68, Thomas Calhoon '70.</p> <p>We cannot thank these wonderful men enough for all of the gracious and caring things they have done for the Beta Phi Chapter. Without them we would not have all the opened doors and opportunities that we have today. They have shown us great men to inspire to be one day and we cannot thank them enough. It was wonderful to have spent a quality afternoon getting to know them and their accomplishments.</p>
BETA OMEGA	University of California	Did Not Submit
GAMMA BETA	Illinois Institute of Technology	<p>Gamma Beta has revamped the chapter house: the library now has new hardwood floors, the second floor has new carpets, and all of the public rooms are getting new furniture. The Pledge Class of 2014 is a 14 man strong pledge class who we are very proud of. The Delts at IIT have won the 2010 Fall Greek Football championships, the first time in more than a few years! Delts have a majority of leadership positions on campus: Greek council, Student Government Association, Union Board, and many more all around campus. Gamma Beta Delts are continuing the legacy and living lives of excellence.</p>
GAMMA ETA	George Washington University	<p>Gamma Eta had an exciting semester with a pledge class of 16 high-quality men. As a whole they scored higher than any other Gamma Eta pledge class on their pledge exam and have numerous strengths they bring to Delt. We also had the high honor of Former International President and Former Educational Foundation Chairman Norval Stevens attending our <i>Ritual</i>. Besides having a successful rush and initiation, Gamma Eta has had a wonderful time participating in three sorority philanthropies. Also, several brothers planted trees at a historic D.C. site with the nonprofit organization Casey Trees. Casey Trees put us strapping lads to work and placed us on an extreme incline, which the brothers tumbled down periodically throughout the day. Another event that brothers took part in was trick-or-treating for canned goods. The brothers filled a large cart full of canned goods for the needy and had a great time dressed as a cowboy, a tea-partier, and other Halloween characters.</p>

Chapter	School Name	Fall 2010 Chapter Report
		<p>Finally the brotherhood event which was the highlight of the semester was a trip to an airsoft arena in Rockville, Maryland. The brothers and pledges had a great time running through a battlefield attacking each other with semi-automatic airsoft guns which are air propelled guns that shoot plastic pellets. Everyone left with welts and smiles. This semester has been a lot of fun but we are already planning for next semester. Gamma Eta has emerged from this semester an even stronger chapter and we look forward to what the spring brings us.</p>
GAMMA THETA	Baker University	<p>This past semester was another successful one for Gamma Theta Chapter at Baker University. During the spring semester, our alumni were able to raise over \$500,000 toward the renovation of our shelter. Over the summer our shelter underwent major renovations updating everything in the house. We are pleased to have a fully functioning kitchen again and are enjoying the hard work of our chapter cook. We were able to fundraise \$500 toward our house philanthropy, which was changed to the National Kidney Foundation in honor of Jim Selzer. We also have participated in a variety of community service activities, including Terror Tracks in which we assisted the Baldwin City Community Theatre in putting on a haunted train ride during Halloween. We had another extremely successful recruiting year, adding 18 new members to the chapter. We had elections on Nov. 29th and are extremely excited to be under the leadership of our new officers next semester.</p> <p>Following our chapter consultant's visit, we were extremely pleased with the direction of the house and the dedication of our members. We had a successful showing in football this year, and our men's cross-country team was lead by several Delts to a 2nd place finish in the HAAC conference. The wrestling season has also kicked off and is a growing source of excitement for the chapter as a number of great wrestlers at Baker are also Delts.</p>
GAMMA IOTA	University of Texas	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
GAMMA KAPPA	University of Missouri	<p>The men of Gamma Kappa have once again had a very successful fall semester. Gamma Kappa initiated 16 new members this semester, bringing the chapter to 113 active members. As the brotherhood of Gamma Kappa continues to grow, so too do the opportunities that we create for our members. Over the past semester, our members participated in the philanthropies of the Delta Delta Delta and Delta Gamma sororities. Through their participation, the men of Gamma Kappa helped to raise over \$20,000 for the St. Jude Children's Research Hospital and Service for Sight. Additionally, the chapter continues to support the Segs-4-Vets organization through various fundraising activities. Segs-4-Vets was founded by a Gamma Kappa alumni and provides support to injured veterans of the conflicts in Iraq and Afghanistan.</p> <p>The men of Gamma Kappa also recently participated in Mizzou's annual Homecoming competition with the women of Chi Omega. Mizzou's Homecoming is the oldest and largest student-run Homecoming in the nation and includes such events as Campus Decorations, the Homecoming Parade, service events, a blood and canned food drive, and a skit and dance competition. The pairing of Delta Tau Delta and Chi Omega placed second overall in the Homecoming competition out of fourteen pairings, including a first place finish in the skit and dance portion.</p>
GAMMA LAMBDA	Purdue University	<p>This fall has been a busy semester for the men of Gamma Lambda. Fall recruitment and pledge education lead toward our chapter adding another 27 brothers to our steadily increasing roster of actives. Along with continued effort toward academic improvement, we also found time to participate in seven different intramural sports including soccer, volleyball and flag football, which we placed 2nd in. Our chapter has also had a successful year for philanthropy involvement, participating in nine philanthropies, winning five of them. Our own philanthropy, with the assistance of Alpha Xi Delta sorority raised nearly \$2,000 for the Sean Kimerling Testicular Cancer Foundation and Autism Speaks. The men of Gamma Lambda are finishing the semester strong with several prospects running for campus leadership positions and will move into the spring semester as a continued dominant force among the Purdue Greek community.</p>
GAMMA MU	University of Washington	<p>The Gamma Mu chapter of Delta Tau Delta has begun preparations for it's annual Miss Greek philanthropy that will take place in April 2012. Miss Greek is a philanthropic event that raises money for the Fred Hutchinson Cancer Research Center general fund. Since the first competition in 1986, Miss Greek has raised over \$1.4 million dollars for the Fred Hutchinson Cancer Research Center. So far, 14 sororities have selected one of their members to represent their chapter in the Miss Greek pageant. Online accounts have been set up for donations and events are being organized for future fundraisers. With the help of the women of the University of Washington Greek System, the Gamma Mu chapter of Delta Tau Delta hopes to break last years Miss Greek fundraising record of \$92,000.</p>
GAMMA NU	University of Maine	<p>This semester at Gamma Nu began with newly renovated floors on the first floor of our shelter. This was much needed and with the help of, Director of Residential Life, Andy Longo, the common floor of the house looks great. Reaching out to the community, Gamma Nu chapter continued its involvement with the Fright Night at Fort Knox event in Prospect, Maine. This annual event provides a great setting for a thrilling haunted house. The proceeds of the event help to fund and protect the Fort and the Delt brothers have been a fixture at the event for several years. Connecting with the families of current members and the fall new member class was the focus of September's Friends and Family Weekend. With higher than anticipated attendance the event was a success appreciated by all members and parents.</p>

Chapter	School Name	Fall 2010 Chapter Report
GAMMA XI	University of Cincinnati	<p>The Gamma Xi chapter at the University of Cincinnati has had a very successful fall quarter. One of the chapter's goals for the quarter was to continue their dedication toward community service. This quarter the chapter participated in two walks: "Walk for Diabetes", which raised money for diabetes research; and the "Homecoming 5k", where all proceeds went to the Make-A-Wish Foundation. The chapter then continued its success by obtaining one of the biggest rush classes in the past few years. With the help of the new members and the partnership with Kappa Delta, Gamma Xi took part in the float building competition during homecoming week and secured a new partner for next year, Chi Omega. Gamma Xi also had the pleasure of celebrating their centennial this year at Paul Brown stadium: a night full of reminiscing, commemorating, and focusing toward the future of Gamma Xi. As the quarter slows down, and studying increases, Gamma Xi is looking forward to finishing the quarter strong and moving into their new chapter house in Winter quarter.</p>
GAMMA OMICRON	Syracuse University	<p>The brothers of the Gamma Omicron Chapter at Syracuse University made great strides this fall semester to better the chapter, the surrounding campus, and the local community. Gamma Omicron celebrated Delta's 100th year at Syracuse University by hosting a banquet for alumni and brothers. Also in relation to chapter life, Syracuse Deltas hosted its annual homecoming weekend, where alumni came to reconnect with the house and attend a football game with current brothers. For this fall's recruitment, the chapter initiated six new members who are all poised to make a difference in the house. Gamma Omicron reached out to the campus through Remembrance Week, which honors the students who were victims of the Pan Am Flight 103 bombing in 1988. Deltas attended the ceremony to honor Stephen J. Boland, a brother who tragically died on that flight.</p> <p>The brotherhood made an outreach to the community through its philanthropy Deltathlon, which involved competing sororities in a series of athletic events. All proceeds went to the North Side Learning Center, a place that teaches refugees to speak English. Finally, the brotherhood helped run the J.D.R.F. walk, with all proceeds going to a foundation that raises money for juvenile diabetes research. Overall, it has been a busy yet fulfilling semester; one that Delta Tau Delta's Gamma Omicron chapter can be proud to say they accomplished.</p>
GAMMA PI	Iowa State University	<p>The Gamma Pi Chapter of Iowa State University welcomed 27 new members this fall semester after a very successful summer of recruitment. Gamma Pi was also recognized for academics by achieving a grade point average above 3.0 and also above the Iowa State Greek Community average. The chapter once again was very involved in the Greek community and on campus in many different organizations. The men of Gamma Pi were also very successful in the annual Homecoming Events. They placed 2nd overall including a 2nd place lawn display trophy and were "Yell Like Hell" champions! This was a very fun semester for the young men of Gamma Pi that included much success and enjoyment at Iowa State.</p>
GAMMA RHO	University of Oregon	<p>Fall quarter at Gamma Rho kicked off with the chapter recruiting a 27 man pledge class, the second largest of 15 chapters at the University of Oregon. Additionally the chapter welcomed two new faculty advisors who we are thrilled to have as a part of the team. The shelter has seen improvements in the shape of a new deck, renovated bathroom and kitchen. Once again one of the term highlights was the member's participation running a Halloween carnival for Page Elementary school; the chapters designated Adopt-A-School. In November the chapter raised money to purchase Thanksgiving dinners for 25 families in the local Eugene area through a program dubbed dollars for dinners. Currently the chapter is in the middle of a toy drive which will benefit local Eugene families and they aim to far surpass last year's amount given. The chapter is also proud to send another soon to be Gamma Rho alumnus, senior Tim Gaffney, to the chapter consulting program, continuing the four year trend of having Gamma Rho men on staff. Fall has been a successful quarter and the membership looks forward to the busy winter and spring semesters yet to come.</p>

Chapter	School Name	Fall 2010 Chapter Report
GAMMA TAU	University of Kansas	<p>At the University of Kansas, fall 2010 began with renovations to the house that were constructed this past summer break. Another addition to the house stemming from our productive break are new pledges from formal rush. Gamma Tau was able to add 11 percent of all the formal rushees, which was more than any house on campus. Since fall got underway, Gamma Tau has been actively involved in all major events on campus, including Homecoming and the prestigious Rock Chalk Review. We placed 4th overall in our first Homecoming in over 10 years, with ambitions to win it all next year. Our brand new Alumni Advisory team has been put together and they continue to help us grow strong. We recently participated in a campus wide philanthropy event called "Stuff the Bus", in which we placed first.</p> <p>I am also pleased to report that Gamma Tau's total service hours and house GPA have again been among the top of all fraternities on campus. Thanks to the teamwork of our recruitment sector, a brochure has been created that illustrates the highlights of the house and can be distributed to incoming freshmen. The brochure also includes information on scholarships donated to the fraternity by generous alumni. Thanks again to our alumni for all of their efforts to make Gamma Tau one of the best Delt Chapters!</p>
GAMMA UPSILON	Miami University	<p>Fall Semester at Miami University got off to a quick start. Ten juniors and seniors moved into the shelter at 220 Tallawanda. These are the first men to live in 220 since our recharter. Twenty-four sophomores moved in at 111 E. Spring Street, this will be our last year occupying that house. We also had three men begin the pledge process the first week in September, they were initiated the weekend before Halloween. With their initiation our chapter currently has 69 members. Throughout the fall the chapter has been working with our house corporation to make renovations at 220 Tallawanda and we have seen tremendous results. In addition to working with our house corporation alumni, we have continued efforts to reach out to our other alumni to update them on chapter happenings. The chapter finished 8 of 29 in Greek Week this year. On Oct. 31st Northern Division President Bruce Peterson visited our chapter to meet with the Executive Board and tour the shelter.</p> <p>We held Executive Officer elections for the next spring and fall semesters, officers will begin their term the second week of Spring Semester. The weekend of Nov. 6, 7 & 8 the chapter hosted our mothers for our annual Delt Mom's Weekend. A highlight of the weekend was a live auction we put on, the mom's brought and bid on items. We raised just over \$5,000 to put toward shelter improvements.</p>
GAMMA CHI CC	Kansas State University	<p>Coming back from summer break following our initial re-colonization last fall we had 12 active members. We have taken great strides in the field of recruitment and have had a combined fall pledge class of 19 extraordinary gentlemen. During the past semester we have held many brotherhood events and recruitment events that have been crucial in our success this fall such as Schwarzenegger Sundays and thursday night flag football. We have supported other greek houses by participating in their philanthropy's such as Sigma Kappas MudBowl to help support alzheimer's research and the Ali Kemp bandstand put on by Alpha Chi Omega. We have started our philanthropy in the community by setting up Adopt-a-School with a local elementary where we go every other day and help the kids with homework and participate in their school activities such as an academics carnival.</p>

Chapter	School Name	Fall 2010 Chapter Report
GAMMA PSI	Georgia Institute of Technology	The fall semester was a busy semester for the brothers of Gamma Psi. We initiated 10 new members this fall bringing the brotherhood to 60 total members. Gamma Psi is currently the seventh most involved fraternity on a campus of 32 fraternities thanks to the dedication and initiative set forth by brothers. We held a trivia night rush event and a dollar bowling rush event to bring in current potential members and their friends to get a jump start on spring rush. We had 10 rushees and 40 brothers at the events. In August, we hosted an Alumni Braves game where there were 30 people in attendance. Gamma Psi co-sponsored a blood drive with the GT American Red Cross Club and the American Red Cross where we had 15 brothers work for 15 hours total and raised 40 pints of blood. The chapter participated in Run and Hide, which is a campus Halloween event for Atlanta children to trick or treat and play carnival games. The chapter also had an Alumni Golf Tournament with 32 participants, four undergraduates and 28 alumni.
DELTA ALPHA	University of Oklahoma	During this semester, the men of Delta Alpha participated in the University of Oklahoma's University Sing with the women of Chi Omega. Our group not only made the show after the audition process, but took first place. The women of Delta Delta Delta have accepted our offer to do University Sing with us in fall 2011. Delta Alpha participated in a few mixers this semester with various sororities on campus. We had a mixer at a local business that had laser tag, putt-putt and arcade games with the women of Chi Omega and a pumpkin carving contest with the women of Gamma Phi Beta. During the middle of the semester, Delta Alpha hosted a philanthropy event, A Chance for a Cure, featuring the young new pop star Greyson Chance. Greyson happens to be the younger brother of a Delta Alpha member, Tanner Chance. The event raised around \$7,500 that was donated to Ally's House, an organization benefiting children's cancer research.
DELTA BETA	Carnegie Mellon University	Did Not Submit
DELTA GAMMA	University of South Dakota	Fall 2010 has been a fresh start for the University of South Dakota Delta Gamma chapter. Over the summer the shelter underwent major renovations, most notably a brand new kitchen and bathrooms. The renovations replaced 15-year-old bathrooms and an even older kitchen. The new renovations were not the only changes for the fall 2010 semester. Delta Gamma recruited 15 strong, promising new members. Also this fall, the Delta Gamma house participated in the 15th annual Teddy Bear Run, which raised \$3,100. During the Teddy Bear Run, the brothers ran a total of 60 miles from the steps of the shelter to the Avera Children's Hospital in Sioux Falls, SD. The children were very excited to see the members, especially because they brought teddy bears for each child. All of the money raised stayed with the children's hospital to support the children's needs. This is only a brief overview of all of the exciting events that took place this fall at the Delta Tau Delta shelter at the University of South Dakota.
DELTA DELTA	University of Tennessee	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
DELTA EPSILON	University of Kentucky	<p>As the school year begins for the fall 2010 semester there is the eagerness to reunite with friends, look at class schedules, and begin the countdown to the end of the school year. But this fall the men of the Delta Epsilon chapter of Delta Tau Delta started looking toward rush, philanthropy and the events that we would be attending on campus and off campus.</p> <p>Our rush this fall was very successful initiating 35 great young men to the Delta Tau Delta fraternity. We also had members and new members visit the gravesite of Mr. Henry K. Bell. Off campus, we participated again in the annual "McKenna Foundation" to help raise money for cancer research. We helped set up, clean, and serve during the event. Also we participated in the annual "Trees Trails and Critters" at UK's Arboretum where members dressed up as an assortment of animals and provided information about the animals habits and habitat environments to the young children walking the trails. The Octoberfest was another event that Delts attended and helped Christ Church by setting up for the event for families. During Fridays a handful of men would devote a couple hours of their day to help volunteer for the fraternities national Adopt-a-School program at Cassidy Elementary School. The Habitat for Humanities was a successful philanthropy event where we spent the day helping a family in need build a house.</p> <p>Our on campus involvement consists of having members on the student government and Judicial Board. Other members are also involved on the University of Kentucky's intramural sports such as lacrosse and the polo team. We also were involved in the intramural soccer and football teams making it to the playoffs in football. Other on campus involvement consists of attending the Violence Intervention and Prevention (VIP) Center's SEEDS Program educating our members on how to make the University of Kentucky a safer community with less violence. As a chapter we continually put our time and talents to not just strengthen the chapter but strengthen the community that we live in, and we continually are growing and putting a positive influence in and around the Delta Epsilon Chapter. This fall was a successful semester for Delta Epsilon and hopes to continue to continue our growth and leadership on and off campus.</p>

Chapter	School Name	Fall 2010 Chapter Report
DELTA ZETA	University of Florida	<p>The Delta Zeta chapter has once again pushed its limits and is breaking new ground in our commitment to lives of excellence. Our chapter has started fundraising for Dance Marathon five months in advance, which benefits the Children's Miracle Network, and we have raised over \$3,000 so far – our goal is to raise \$15,000 and make us the top fundraising team on campus. Our intramural volleyball team just finished second in our division of the fraternity league after a great season. Fall rush was a great success, which led to the initiation of 28 new brothers who are already showing initiative to grow, learn and lead the house in a positive direction. The incoming and outgoing executive boards partnered up to repaint our chapter room, renewing not only the look but also the feel of our most sacred space in the shelter.</p> <p>We have also started a new ongoing service project, Delts Make a Difference, in which groups of brothers go for a few hours each week to a local after-school program for less-fortunate families. The brothers will help the kids with their homework, play games and sports, and are there for these children who might not have a positive role model at home. So far the project has been a great success, as the kids are very excited each week when we arrive. We have started the year in the best of ways, and we are excited for the spring semester to bring us new opportunities to excel.</p>
DELTA ETA	University of Alabama	<p>The fall 2010 semester for the Delta Eta chapter was an exciting and eventful one. As usual, this semester was centered around philanthropy, football and our alumni. In the area of philanthropy, we participated in a few big projects, and many brothers also participated in other small projects. We were involved with a Habitat for Humanity project, and also worked at several schools across Tuscaloosa to tutor and spend time with young students. Each of our members devoted several hours in order to strengthen our relationship with the community.</p> <p>In October, we held a huge event for our alumni during the football homecoming game weekend at the university. On the Friday night before the game, we held our first casino night for our members and alumni. It involved playing a wide range of casino games, and one's earnings during the night could be exchanged for raffle tickets. The proceeds from the event were graciously donated. Also, we held an alumni tailgate at the shelter prior to kickoff the next day, which included live music and catered food. We are so honored to be able to host our alumni each year at homecoming. This fall, we initiated 36 new members, all of whom are well deserving of membership and will be vital in the future success of our chapter. This was made possible by a great recruitment effort by our men. We continue to have great chapter support in recruitment, and we hope to continue to keep our chapter growing in a positive direction.</p>
DELTA IOTA	UCLA	<p>Delta Iota recently concluded a successful fall quarter. Fall 2010 was the first quarter back in the shelter following a one year hiatus during 2009. Fall recruitment went smoothly and our hardworking and dedicated new members were recently initiated. Notable events of the fall quarter included: sponsoring a campus wide charity blood drive supporting the UCLA hospital, a fall alumni event, the hosting of a professor dinner, and participation in the annual UCLA volunteer day. The goal of Delta Iota is to increase our presence on the UCLA campus through community service, campus greek life outreach events, brother leadership in non-greek life organizations, social events within the greek community, and leadership in the Inter-Fraternity Council. The fall quarter was a successful beginning to these goals and we look forward to the continuation of them following the holidays.</p>

Chapter	School Name	Fall 2010 Chapter Report
DELTA KAPPA	Duke University	<p>Delta Kappa chapter has had an incredibly successful fall semester. In October, the brothers teamed up with Zeta Tau Alpha during their Think Pink Week at their annual Smash Bash, an event that raises money for the Susan G. Komen Breast Cancer Research Foundation. In addition, the brothers collaborated with fellow Duke IFC members for the first annual Cares, a one-day service event dedicated to serving the Durham community. 16 brothers participated in the event, which helped clean many of Durham's roads and highways. However, the highlight of our philanthropic endeavors this semester was a collaboration between our chapter and the Duke Student Wellness Center: Rethink Your Drink. The program encourages students to take a pledge to reduce their alcohol consumption and reallocate related funds to the Maureen Joy Charter School, our Adopt-A-School partner. The money we raise will provide Christmas gifts to the underprivileged families during the holiday season.</p> <p>Having excelled philanthropically this semester, the brothers are looking forward to recruitment next spring. We will close out the semester by co-hosting a holiday concert with the brothers of Kappa Alpha Psi which will feature local Durham performing artists and headline Duke professor and Grammy winning producer 9th Wonder. The proceeds from this event will benefit St. Jude Children's Cancer Research Hospital.</p>
DELTA MU	University of Idaho	<p>Delta Mu has completed yet another great fall semester. We showed a very strong volunteer turnout for the 2010 Saturday of Service, where many Idaho Delts donated their time and hard work at a local animal nursery. Our continued involvement with Gritman Medical Center's annual wine tasting event has earned us another opportunity to give back to our community. Homecoming was a huge success as the mighty vandals proved themselves yet again defeating the New Mexico State Aggies 37-14. We were happy to see numerous Delta Mu alumni from all generations at the shelter for our annual homecoming brunch. Dad's weekend proved to be more memorable than recent years as we have a high number of father son legacies currently living in the shelter. The weather couldn't have been more perfect which led to an unbelievable day filled with good food, good football and great friends.</p> <p>As the semester comes to a close, Delta Mu is again projected to finish with a top three cumulative G.P.A. among The University of Idaho's Greek community, brining Delta Mu to an outstanding finish to an outstanding fall semester.</p>
DELTA NU	Lawrence University	Did Not Submit
DELTA XI	University of North Dakota	<p>At the University of North Dakota, the Delta Xi chapter has had a fulfilling and eventful fall semester. Delta Xi kicked off the semester with a huge rush week and successfully initiated 23 new members! During these new members' pledge weeks, they had the opportunity to see how the brothers of Delta Xi represent our letters on campus. The majority of the fraternity participated in aiding one of our members competing in Gamma Phi Beta's Moon Man philanthropy in which we won second place. The men of Delta Xi worked hard this fall to raise over \$2,900 with the chapter's annual Haunted House philanthropy. The proceeds were donated to a local young lady to fund a trip to Europe with a singing group.</p> <p>This fall marked the 75th anniversary of the Delta Xi chapter at the university. The event was celebrated with a formal banquet during Homecoming weekend where our Division President, Bruce Peterson, and International President, Alan Brackett, were both able to attend. Delta Tau Delta continues to leave its presence of leadership and academic excellence on our campus and community one semester at a time.</p>

Chapter	School Name	Fall 2010 Chapter Report
DELTA OMICRON	Westminster College	<p>As is the case in Delt chapters across the country the Delta Omicron chapter has been very busy this fall semester. At the beginning of the semester 23 new affiliates, the largest affiliate class among fraternities this year, were picked up and are now ready to start the new member education period when the semester starts in the spring. As we continue to grow, quality of members has not decreased. This semester Deltas are representing a disproportionate number of leadership positions on campus, including positions in Student Government Association, Student Ambassadors, Social Judiciary Board, Student Foundation, and the Skulls of Seven – Westminster's most prestigious honor society. With growing numbers we have made great strides to improving the chapter's philanthropy and community service.</p> <p>This semester we re-established Delta Omicron's Adopt-A-School location to the Fulton Treatment Center, a rehabilitation school for minors located in Fulton, Missouri. Every week members visit the center to spend time with young boys that are in need of a positive male role model. Activities during the visit include playing basketball, guitar lessons, playing cards, chess and any other activities the students may enjoy. In addition to volunteering at the Fulton Treatment Center, the Delta Omicron chapter has demonstrated service leadership on campus as well by sponsoring a blood drive to help the Red Cross and by sponsoring a service project for Into the Streets, Westminster's campus-wide Community Service Day. Finally, the chapter has been successful with a great turnout to the Delt/Faculty Mixer this fall and over \$7,000 raised at this year's Parent's Weekend Auction.</p>
DELTA PI	University of Southern California	Did Not Submit
DELTA TAU	Bowling Green State University	The fall semester of 2010 was a successful semester for the brothers of Delta Tau at Bowling Green State University. We had an initiated class of 15 men. During the course of the semester we had a successful homecoming event for our alumni and have recently become active in the Adopt-A-Highway Program and the Big Brother Big/Sister program of the greater Toledo Area. The biggest news of the semester was our shelter relocation. We went from a shelter that was off campus to an on-campus house which gives us a much greater presence on Bowling Green's campus.
DELTA UPSILON CC	University of Delaware	N/A
DELTA PHI	Florida State University	Looking back on this fall for Delta Phi, we discovered much that we should work on. Though the semester was an overall success due to the continuation of our sterling reputation and stance in the Florida State University Greek community, we definitely discovered some shortcomings. Internally we experienced some complacency due to our recent success so there were some times of lacking chapter attendance and brotherhood support at events, however these problems have been addressed. Externally we have brothers that are involved with the campus through high positions in other organizations and it is our goal to continue to place people around campus to broaden the influence of our fraternity. Lastly, we proudly initiated a very promising new member class that, during pledging, showed much ambition and passion for Delt.
DELTA CHI	Oklahoma State University	In the fall semester of 2010, Delta Chi chapter of Delta Tau Delta at Oklahoma State hosted its annual Homecoming Carnival benefitting Coaches vs. Cancer. The event was held on Friday night and had more than 5,000 visitors. The total money earned amounted to \$12,500, while \$2,500 was donated. Members assisted with setting up rides and working them as well as the concession stand and ticket booth. Homecoming for the Delta Chi Deltas was successful all-around. While partnering with Sigma Phi Lambda sorority, they completed an amazing House Dec, took first place in the float competition, and won the campus organization sweepstakes award. As the chapter grows, so does its accomplishments and goodwill. The Homecoming Carnival has been Delta Chi's biggest philanthropy event through the years and will continue to be. The brothers of Delta Chi are proud to maintain the values of Delta Tau Delta.
DELTA PSI CC	UC-Santa Barbara	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
DELTA OMEGA	Kent State University	Did Not Submit
EPSILON ALPHA	Auburn University	<p>The Delt chapter at Auburn University has taken great strides this past year on campus. Upholding to the fraternities motto of a life of excellence, we accumulated one of the top five GPAs on Auburn's campus. Our past pledge class recorded the third best overall pledge GPA. Our fraternity study hours put together by brother Thomas Brooks are one of the reasons for this resent academic success on campus. Involvement is also very import to the Epsilon Alpha chapter here at Auburn. We had one of our brothers serve on the IFC cabinet for the second straight year. We had a brother accumulate over 300 personal volunteer hours as a volunteer football coach for a local high school. Also under the leadership of brother Andrew Johnson, our Adopt-a-School program took off during the spring and fall semesters.</p> <p>We have participated in many on campus activities as well. A program like Delta Zeta's a day at the park in which all proceeds went to their charity. We also participated heavily in Auburn's Beat Bama food drive. Our participation in programs like these, help get our name out on Auburns campus. Our intramural sports have also been very successful this year. Our flag football team compiled a 4-2 record losing in the playoffs. Our soccer team compiled a 3-3 record and barely missed the playoffs. Our basketball team finished 4-2 with a loss in the playoffs. We also would like to let our alumni know that we are planning on breaking ground on our new house on fraternity row within the next year.</p>
EPSILON BETA	Texas Christian University	<p>The fall semester for the Epsilon Beta chapter of Delta Tau Delta has been one of best semesters our chapter has witnessed in the past decade. It all started with rush when we were able to recruit a group of 21 high-quality men, of which 17 were eventually initiated. These young men have been an excellent addition to improving our chapter. During TCU's scheduled family weekend, we were able to host a parent's weekend of our own. We took full advantage of this opportunity with a catered meal on game day, to show the parents of the new members the brotherhood of Epsilon Beta. Philanthropy was also something that Epsilon Beta excelled in this fall. We participated in various sorority philanthropies and put together a Christmas themed philanthropy that benefits Cook's Children's Hospital in Fort Worth. During Homecoming weekend, with the help of Larry James '74, we were able put together a successful alumni golf tournament at Iron Horse Golf Course.</p> <p>The fall was also an excellent semester for our chapter socially. Our socials included, our annual "Hi-Liter" party, a pledge class date night with the ladies of Kappa Alpha Theta, our "Victory" formal and a concert featuring Texas country artist, Paul Eason. Several brotherhood events were also put together including a chapter Thanksgiving dinner, a pledge class football tournament, and a dinner honoring graduating seniors. Fall 2010 has been a blast for the brothers of Epsilon Beta and we look forward to the future.</p>

Chapter	School Name	Fall 2010 Chapter Report
EPSILON GAMMA	Washington State University	<p>The Delta Tau Delta Epsilon Gamma chapter has seen some great changes this fall 2010 semester. Our biggest accomplishment has to be our recruitment class of over 25 new members, a much larger pledge class than the fall 2009 pledge class. All of them show great potential at an academic level as well as in other levels of excellence which required of a Delt brother. Our chapter has also participated in many philanthropy events during the semester including the philanthropy done for our Rypien Foundation in which sororities tried their luck at winning a game show as well as performing a skits and serenades contest. The event not only raised money for the foundation but also helped us connect more with other houses in the Greek community.</p> <p>This fall semester has also been recognized for our devotion to public service for bettering the community. While other fraternities do not push their men to community service, our chapter has pushed our men to commit to at least 10 hours a week for the semester in hopes of bettering the community as well as giving the community the fantastic image we work so hard and so rightfully deserve. This along with many new projects being done around the house are just a few of the many improvements we have made this Fall semester and will continue to make as time goes on.</p>
EPSILON DELTA	Texas Tech University	<p>Chapter Epsilon Delta of Delta Tau Delta has accomplished many things this past fall semester that will undoubtedly help our fraternity. We have taken part in many philanthropy events such as the Ronald McDonald House and "Up Til' Dawn," an event for the American Cancer Society. We also participated in other Greek organizations' philanthropies such as Chi Omega's Swishes for Wishes basketball tournament and Alpha Delta Pi's Kickball tournament. Both of these events raised money for their selected philanthropy. Epsilon Delta participated in Greek Treat, where Greek organizations handed out candy during the day on Oct. 27 as a safe treat for the Lubbock community. Epsilon Delta has remained competitive this past fall in intramurals. Our flag football team made it to the finals of the Big Greek Fraternities, and we also won sand volleyball.</p>
EPSILON EPSILON	University of Arizona	<p>The Epsilon Epsilon chapter had a very challenging semester, we went through a member review in Oct. and lost over half of our members. Since then, the house has been moving forward by leaps and bounds. We ran a successful parent weekend, which included a barbeque and had a record turnout of alumni at Homecoming. We have begun to work toward rebuilding with spring rush and we had an 18 person pledge class this fall. We also have over a 3.1 GPA which is one of the best on campus. The future looks bright for Epsilon Epsilon.</p>
EPSILON ZETA	Sam Houston State University	<p>The men of the Epsilon Zeta Chapter of Delta Tau Delta started the 2010 fall semester with a new found dedication to excellence and service to their community. With a chapter wide effort, the Epsilon Zeta chapter was able to expand their by membership approximately 40 percent. At the beginning of October, we collaborated with the Zeta Tau Alpha sorority to place second in a campus-wide float competition. The chapter has also branched out this semester into several other prestigious student organizations across campus. The most notable of these organizations include the Student Government Association and the Interfraternity Council. As a participating chapter of IFC, our members were elected to four of the eight executive positions as voted on by the other fraternal organizations included in the council.</p> <p>In the interest of further advancement of health worldwide, our chapter participated and spearheaded a philanthropy effort called Movember. Throughout the month of November the members of the Epsilon Zeta chapter worked furiously in an effort to raise money and awareness for the cause. We proudly donated \$3,500 to the LiveStrong Foundation. Other notable philanthropic efforts include active and constant participation in the Adopt-a-School foundation as well as a Community Service award from the Chamber of Commerce of Huntsville, Texas. The Epsilon Zeta chapter looks forward to continuing down the path of excellence that has been set before them in the previous year. As the sun sets on the year of 2010, we look toward 2011 with great expectations.</p>

Chapter	School Name	Fall 2010 Chapter Report
EPSILON ETA	Texas A & M - Commerce	<p>The Epsilon Eta chapter has had an eventful year. We have introduced an annual alumnus fish fry that we will have every spring to help get our alumni involved with the active chapter and to show our appreciation to them and their families for the support they have given to the chapter. This event was held at Rockwall Park and 113 alumni and their families attended. This fish fry helped us raise funds for our recruitment program. Our chapter also initiated a Haiti Relief effort during the spring that got the entire campus and all Greek organizations involved in sending money to the Haiti Relief effort after the quake hit. This effort raised over \$1,000 for the Red Cross. Epsilon Eta has a member as a vice president for IFC, a student senator on TAMU-Commerce Student Government Association, and a member as president of the environmental awareness association.</p> <p>The chapter as a whole has nearly doubled in size as it currently stands at 23 active members going into the next spring semester. The chapter has maintained its active recruiting stance with the help of the active chapter and alumni resources. Epsilon Eta is currently ranked third in intramurals among TAMU-Commerce fraternities. We have also retained our number one standing among all TAMU-Commerce fraternities. The Epsilon Eta chapter had a spring semester GPA of 2.8 and a cumulative 2.9 GPA for the chapter, just .1 away from our chapter goal. The Epsilon Eta chapter hosted its 2nd annual Miss Sweetheart pageant which helped raise awareness for cancer and collected a \$1,000 for LiveStrong.</p>
EPSILON IOTA-A	Kettering University	<p>Once again, the man at Epsilon Iota-A have enjoyed a term filled with many memorable events and accomplishments. Upon reviewing the term many events stand out, however, none can compare to the true success and impact we had through our fundraising efforts. As per tradition, we held our annual Parent's Weekend Auction Fundraiser which typically is used to raise funds for St. Jude's Children's Hospital. This year tragedy struck Kettering University when a close friend of the house was diagnosed with Leukemia. By vote of the chapter, it was decided that all proceeds from the auction would be donated directly to Adam and his family to help fund his battle with this deadly disease. Amazingly, we were able to raise a record high from the event and we were able to truly give to someone in need.</p> <p>Our commitment to St. Jude's pushed our chapter to hold another fundraising event from which we would be able to continue our annual support of the wonderful organization. To do this 21 individuals (brothers and friends alike) volunteered for a weekend at Cedar Point Amusement Park and donated all wages to the deserving charity. These two major events coupled with other smaller fundraisers helped our chapter earn the coveted Fundraising/Philanthropy Chapter of the Year in the annual IFC awards ceremony. There memorable fundraisers, along with a very solid recruitment, paved the way for an exciting term for the brothers of Epsilon Iota-A.</p>

Chapter	School Name	Fall 2010 Chapter Report
EPSILON IOTA-B	Kettering University	<p>Chapter Epsilon Iota-B of Delta Tau Delta has been doing exceedingly well this fall term. We have been an active chapter on campus and have been participating in athletics, school clubs and organizations, recruitment for the chapter, and philanthropy events. The chapter has participated in intramural sports this fall that include: flag football, indoor soccer, dodgeball, basketball, racquetball and ping pong. A fraternity can earn points for how well they do in each sport and those points are added. The house with the most points at the end of the year wins the Greek Cup. We have been doing well in athletics and are currently in second place overall for the Greek Cup. Besides athletics the house participates in many clubs and organizations such as IFC, lacrosse, Student government and many more.</p> <p>Since we have such a presence on campus, we have attracted many freshmen to our house. We have had a successful recruitment thus far and have received 12 bid acceptors that will become members in spring. We also expect this number to grow. Our chapter has also done well in philanthropy this term. Members have been attending Adopt-a-School (a program where we go to an elementary school and tutor children) and participating in campus-related events. Overall, we have raised approximately \$1,500 through philanthropy this term and expect to raise more. This fall has been a successful term for our chapter and should continue to only get better.</p>
EPSILON MU	Ball State University	<p>Delta Tau Delta, Epsilon Mu, chapter has had a lot of success this semester led by our President-Alex Bradshaw, External Vice President- Peter Standley, and Internal Vice President- Brandon Clymer. We have participated in a lot of activities throughout the Fall 2010 semester. To start off, we had an incoming pledge class of thirty-six members, who excelled all through their pledgship to become the best Delta Tau Delta men they could be. DJ Andrews, who was the chairman for our philanthropy, Watermelon Bust, had a very successful year. We raised \$6,200 dollars and a total of \$12,400 dollars and donated \$5,200 to the American Red Cross and \$1,000 to the Buley Center in Muncie, Indiana. We also excelled in community service hours this semester, donating a total of 736 hrs between all our members. We also participated in every other Greek Life event to show our support for other Fraternities and Sororities. If not this year, we will be very capable to be in reach of a Hugh Shields Award in the near future.</p>
EPSILON NU	Missouri Univ of Science & Technology	<p>Fall 2010 has been exciting for the Epsilon Nu Chapter at Missouri S&T. We initiated eight new members this semester to the Beta Nu pledge class. The new pledge class has come in with guns blazing, stunning us with their willingness and leadership. We just completed our annual Haunted Maze, a fun event that not only allowed us to put in numerous hours of community service work, but raised over \$1,600 for local charities. We celebrated Greek Week in special fashion this semester as well, the house supporting senior Trevor O'Bryan as he was elected Zeus, the highest position on IFC's Greek Week court. This semester has been quite a success as we plan to continue our excellence into next semester.</p>
EPSILON XI	Western Kentucky University	<p>The 2010 fall semester saw many successes for Epsilon Xi Chapter at Western Kentucky University. Our chapter continued to serve the community at the Center for Courageous Kids in Scottsville, Kentucky. A fun-filled weekend was devoted to spending time with mentally and physically disabled children at the camp, a remarkable experience that will not soon be forgotten. We held our third annual Delta Tau Delta Oktoberfest philanthropy which was a huge success. In this week long event, sororities on campus competed in a Halloween themed costume party, as well as a "Decorate a Delt" costume contest. We concluded the week with "Delt Assassins" where the sororities received class schedules and pictures of every Delt member and had one day to "assassinate" as many as possible by signing a notebook being carried. Homecoming was again successful this year. After pouring countless hours into the various events, our float placed second in the annual Homecoming parade.</p>

Chapter	School Name	Fall 2010 Chapter Report
		We are excited as well to welcome seven new members to our chapter. We are confident that each one will be a tremendous asset to the Fraternity. Our newly elected executive board is greatly looking forward to next semester to continue the momentum from this semester's achievements.
EPSILON OMICRON	Colorado State University	Did Not Submit
EPSILON UPSILON	Marietta College	Fall of 2010 proved to be yet another strong semester for Epsilon Upsilon. The men of EU once again assisted with the annual Sternwheeler festival held in town every fall; the chapter managed to raise over \$500 for the festival this year. The chapter hit the ground running for Rush week, bringing in 16 new pledges. This is the largest class the chapter has seen in two years. The men of EU were able to welcome over 30 alumni back for homecoming this year. Held during Halloween weekend, homecoming reconnected many alumni back together and allowed the new pledges and current actives to network with many new alumni. Homecoming concluded with the annual alumni-active football games. This year the undergrads bested the alumni four to one. The chapter was proud to initiate 12 men on Nov. 7, 2010. The brothers of EU once again invited the faculty to the annual Delt Thanksgiving Dinner on Nov. 21, 2010.
EPSILON PHI	Southeastern Louisiana University	<p>The Epsilon Phi Chapter of Delta Tau Delta has had an outstanding fall semester at Southeastern Louisiana University. Twenty-one great men were recently initiated into the chapter, which is the most in a fall semester in a number of years. We are going to rely on these men to help keep Epsilon Phi at its prime. After Initiation, we had our annual Thanksgiving Potluck Dinner which many family and friends of the brothers attended. It was the biggest turnout we have had for our annual dinner. Our local philanthropy, Delts do a Thousand, which consists of brothers riding a stationary bike for three straight days, was a huge success. The money raised went to The Restoration House, which is a charity that supports single mothers. We also held our annual fall fundraiser, Pizza Pig Out. The brothers sold tickets to everyone around campus, and we took advantage of Pizza Pig Out to be a recruiting event in addition to fundraising. Community service was big for the chapter this fall.</p> <p>On Nov.13, 2010, the brothers helped out at Relay for Life, which is a cancer awareness program. We also participated in Adopt-A-Street, where we picked up trash along the streets of Hammond. Lastly, the brothers of Epsilon Phi took home the Greek Intramural flag football championship. We beat Kappa Alpha to bring home the second championship in four years.</p>
EPSILON OMEGA	Georgia Southern University	This semester has proven to be one of the most exciting semesters in our chapter's history at Georgia Southern University. In September, our brand new chapter shelter was completed. What followed was the most successful Alumni Weekend we ever had with over 100 alumni in attendance with their wives. Our housing dedication ceremony was held during Alumni Weekend and prominent university members were in attendance such as the President of the University, Dr. Brooks Keel, and the Director of Greek Life, Ms. Joy Hamm. Our chapter also exceeded goals set for our fall semester philanthropy. Epsilon Omega participates in Operation Christmas Child, a philanthropy designed to give needy children gifts for the holidays. This semester Epsilon Omega doubled the number of gift boxes donated from last year. Overall, Epsilon Omega is riding on a solid foundation of brotherhood and carrying on the legacy set forth by our chapter's founding fathers. And as always, we have the highest grades out of all the IFC Fraternities at Georgia Southern University.
ZETA BETA	La Grange College	The Zeta Beta Chapter at LaGrange College welcomed seven new men in this year's formal fall recruitment. We are pleased to announce that we have retained all seven men. Prior to the rush period, the chapter held a "work day" at the shelter repainting three interior rooms and the outside porch as well as sanding and staining our deck and installing new wooden benches. We gladly invite all alumni to view the chapter's efforts in renovating the house. The chapter continues to be ranked as the top academic performing fraternity on campus still exceeding the 3.0 GPA mark. The chapter also remains as the largest in size and campus involvement with leaders on SGA, orientation team, and several honor societies.

Chapter	School Name	Fall 2010 Chapter Report
ZETA DELTA	Texas State University	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
ZETA ZETA	Morehead State University	<p>Zeta Zeta chapter still maintains a strong tradition of recruitment excellence. During fall 2010, Zeta Zeta recruited 17 outstanding young men to bolster the ranks of our already successful chapter. Zeta Zeta now boasts 54 members, and ranks as the largest fraternity at Morehead State. Zeta Zeta chapter finally broke the 3.0 GPA barrier we have so long strived to overcome. Our GPA is among the top ranked on campus proving that Zeta Zeta truly holds academic achievement to a high standard. The chapter regularly holds events that raise awareness for men's and women's health. Through the course of 2010, the chapter was able to raise a record amount of money for philanthropy, totaling over \$7500, benefiting the Livestrong Foundation , the Susan G. Komen Foundation and Relay for Life. This past Homecoming, Zeta Zeta celebrated its 40th anniversary. We had over 50 alumni join in what turned out to be one our most successful alumni events ever.</p> <p>Delts past and present communed, renewing their eternal bonds of brotherhood. The weekend activities included a banquet where the alumni were told of the chapter's recent accomplishments and heard speeches by Southern Division President Rosario Palmieri as well as former Delta Tau Delta Education Foundation President Gale Wilkerson. We also honored our advisor, Dr. Terry Irons, for his long commitment to the young men and values of our fraternity. Fall 2010 marks another successful semester in the history of Zeta Zeta and will stand as a prime example for Delts to come.</p>
ZETA THETA	Villanova University	<p>The Fall 2010 semester has been an exciting time for the Zeta Theta chapter at Villanova University. We have had the opportunity to induct our newest members of the Alpha Gamma class, who will be a great addition to our chapter for the semesters to come. This year's homecoming proved to be new and exciting as alumni returned from all over to see old friends at an Oktoberfest-themed reunion. The Zeta Theta chapter also had the honor of conducting and performing the colony pledging ceremony for one of the newest chapters of Delta Tau Delta at the University of Delaware. We had the pleasure of introducing 49 of their new members to the fraternity among a large audience on their campus. Back at Villanova, we have had a number of brotherhood events that have brought us closer together as a chapter and we continue to succeed among the campus' Greek Life, both academically and philanthropically.</p>
ZETA LAMBDA	Western Illinois University	<p>We have had many exciting activities in this short semester. Recently we have elected our new Executive board, with Danny Meachum as our new president. Our annual philanthropy event, Big Wheels, was a great success. Zeta Lambda was able to raise and donate \$700 to the YMCA Child Care Center of Macomb. Zeta Lambda chapter is slowly rising to the prestige set by former members. The men of Delta Tau Delta celebrated this years homecoming and finished with an honorable place in the competition. Our chapter has continued the tradition of being champions, including first place in Delta Zeta's philanthropy, Jello Wars, and with intramural soccer. Our chapter is cautiously looking towards the future with the return of our Toys for Tots campaign; we are also excited for our annual Division Conference, to which we hope to send half our chapter. We are happy about working with our nine new members.</p>

Chapter	School Name	Fall 2010 Chapter Report
ZETA OMICRON	University of Central Florida	<p>This semester, Zeta Omicron at the University of Central Florida has had an exciting semester. Starting off the year, we assisted Lakeside Behavioral Healthcare Center, which is a local drug/alcohol recovery center, by furnishing the residents homes. There was over 700 community service hours logged at Lakeside, and a monetary donation to help purchase more housing-related items. The chapter was recognized at Lakeside's yearly luncheon for their efforts. UCF also held the Battle of the Greeks competition, which was a campus-wide competition between all Greek organizations to determine which organization could donate the most blood over a one month period. Zeta Omicron won the contest with 75 percent of the chapter donating blood.</p> <p>Through the Adopt-a-Road program, the brothers have adopted a road on the UCF campus, holding weekly community service events to maintain it. We also hosted the second annual Miss Greek Pageant. Miss Greek is a philanthropic pageant in which sororities compete to be named Miss Greek. Through the contestants and the chapters' efforts, Miss Greek raised over \$12,000 for American Cancer Society. Recruitment this year was successful, as we initiated 26 brothers, to put our total chapter roster at 92 brothers.</p>
ZETA PI	Indiana University of Pennsylvania	<p>This fall semester, the brothers of the Zeta Pi chapter of Delta Tau Delta have dedicated their time and efforts to restructuring their entire organization. With the loss of numerous brothers due to graduation, the Zeta Pi chapter was left with a small, but none the less determined group of men. To deviate themselves from typical fraternities on campus, the Zeta Pi organization held two delayed rush events at the shelter, in an effort to recruit men who are more concerned with brotherhood than partying. Numerous brothers traveled to Pittsburgh to meet the brothers of Delta Tau Delta at Carnegie Melon University with the purpose of practicing the Delta Tau Delta <i>Ritual</i>. We would like to extend our great appreciation to the Delt's at Carnegie Melon for their hospitality and helpfulness.</p> <p>Throughout the semester, the Zeta Pi brothers participated in many philanthropies and fundraisers held by local sororities. Alpha Xi Delta held a flag football tournament for cancer, and these men attended and played with great determination and sportsmanship. The Zeta Pi brothers are committed to help their university and local sororities. An informational meeting was held on Dec. 4th, 2010 in the university HUB with the purpose of informing potential members about what it means to be a brother in Delta Tau Delta Fraternity and the experience of living a life of excellence.</p>
ZETA RHO	Eastern Illinois University	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
ZETA SIGMA	Texas A & M University	<p>The fall semester of 2010 has been very rewarding for members of the Zeta Sigma chapter at Texas A&M University. We have recently initiated our newest pledge class, Beta Xi, which includes 20 men. This addition brings our active member count to 87 making us the second largest chapter in the Interfraternity Council (IFC). We have also recently made great strides in our academic standing by earning a spot in the top five leading chapter grade point ratio on IFC. We also established the First Annual Delt Game Day Silent Auction which was held on Oct. 16th before and during the football game against Missouri with various items benefitting The Rippel Effect (http://www.therippeleffect.com) with a contribution totaling over \$5,000.</p> <p>Zeta Sigma has also been very involved in the community this fall by volunteering at the annual fall festival at a local school, The Allen Academy, for our 8th year in a row. We were also able to host a clothing drive with the items collected benefitting a local clothing donation center. We also welcomed our new chapter consultant, Jake Johnson and had a successful visit during October that included the exchange of ideas and opportunities for growth. Pete Kramer, the alumni association president of Zeta Sigma, was named our Chapter Advisor this fall as well. Our alumni weekend was a successful time of brotherhood and reunion of all Zeta Sigma alumni. This weekend included a dinner at the Delt shelter on Oct. 15th and a tailgate the following day.</p>
ZETA TAU	Univ of NC-Wilmington	<p>This fall the Zeta Tau Chapter has accomplished several goals for continued excellence. On Nov. 6th Delta Tau Delta along with Alpha Gamma Delta sorority held our annual Mr. and Ms. Greek talent competition. Members of many other Greek organizations participated and we were able to raise over \$2,000 in donations for our philanthropies. Zeta Tau also took part in many community service activities including a church cleanup project in downtown Wilmington, as well as having our chapter volunteer at one of the local elementary schools with their annual "Hoe-Down" fall festival. In November, Zeta Tau initiated its Alpha Lambda pledge class with eight members that are now part of the brotherhood at UNC-Wilmington.</p> <p>This semester we continued our tradition of taking a brotherhood retreat to Lake Waccama where all of the brother could relax and enjoy some time away from school. Zeta Tau maintained its academic excellence by having the highest male Greek grade point average in the spring semester once again. Zeta Tau will continue its tradition of excellence in the coming semesters.</p>
ZETA CHI	U. of Southern Mississippi	<p>This has been a good semester for Zeta Chi. Motivated by our most successful recruitment turnout since the fall of 08, the Delts of Southern Mississippi feel that we have represented Delta Tau Delta on our campus to the absolute best of our abilities. Our chapter has also continued in our journey to academic excellence, ranking 3rd in grades on our campus in the Spring with a chapter GPA of 2.9. The first of Zeta Chi's two annual fall philanthropies, âBowling for Bow Wows, supplied the Southern Pines Animal Shelter with approximately 750 kitten houses. On December 4th, we will be hosting the 17th annual Santa's Mega Garage Sale, for which we have been collecting donations in the form of clothing, house furnishings, and appliances since the beginning of September. On top of great philanthropy efforts, Zeta Chi is also proud to announce that Brother Hunter Nichols has been elected to the Interfraternity Council as Vice President of Event Planning. The men of Zeta Chi are also very pleased to announce that we have begun our efforts in planning our chapter's 25th anniversary which will be held on April 8th through 10th of 2011.</p>
ZETA PSI	Stephen F. Austin	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
ZETA OMEGA	Bradley University	<p>At Bradley University, the Zeta Omega chapter had a very successful fall semester. Recruitment this semester brought in 11 new members who were recently initiated. We also had all eight members of last year's spring pledge class complete our Master of Ritual program, which is a six-week class designed to dive deeper into our <i>Ritual</i> and the meaning behind it. We held a new event called Egg-A-Delt, which raised money for our new philanthropy the Lone Survivor Foundation. Other philanthropic events we have held were a blood drive and cookouts for this great cause. Our chapter also passed a new bylaw for a community service chair in an effort to strengthen our ties to the community and further our sterling image on campus. We participated in all intramural sports while finishing second in soccer and in one semester have already doubled our IFC points from all of last year. We had a very successful parent's weekend holding a dinner and an auction. Finally, we recently became Bradley University's first and only Five Star Accredited Fraternity as well as winning the prestigious Ed King Award of Excellence, which signifies the best overall fraternity on campus.</p>
THETA GAMMA	Arizona State University	<p>Theta Gamma had a very productive fall semester. It started off with the creation of a two-year plan that we believe will continue the chapter on its path to excellence. The chapter doubled in size with our largest pledge class in recent history, and we were pleased to welcome these great men into our brotherhood. This success can be attributed to an overhaul of our recruitment plan as well as a lot of hard work and dedication on the part of the chapter. Theta Gamma started off the semester with the third highest GPA in IFC, and is looking to rank higher at the end of the semester. Furthermore, the chapter was above all campus averages, displaying our chapter's commitment to academic success and excellence. Theta Gamma also held its annual philanthropy, Trike-la-Tron, in November and raised \$1,500 for Cancer for College. The chapter also maintains one of the highest community service hours requirements on campus, and has undertaken many philanthropic activities during the semester.</p> <p>Theta Gamma has also focused on reacquainting itself with local alumni by visiting the Arizona Alumni Chapter's meetings and by hosting monthly Lifelong Brotherhood Events, which allow for interaction between undergraduate members and alumni. The chapter is poised for great things, and is excited to continue on the path to excellence.</p>
THETA DELTA	Baylor University	<p>This Fall was both busy and exciting for the brothers of the Theta Delta Chapter of Delta Tau Delta. The semester began with the hosting of the Traditions Rally Concert at the annual Baylor University Traditions Rally. We had the privilege of bringing rising country stars from the Casey Donahew Band to perform at the University-wide event in Fountain Mall. Despite the great success and hype created by the concert, the brothers of Theta Delta were given no time to rest as float season and Homecoming fast approached. We had the privilege of teaming up with the sisters of Zeta Tau Alpha to put together an outstanding float bearing the theme "Bruiser & the Beanstalk." After the float was driven through downtown Waco and made its way back to the center of campus, the chapter hosted its largest annual Homecoming Breakfast on the lawn of the Historic Earle-Nappier House.</p> <p>In addition, two of our Intramural teams made it to the All-University playoffs putting Delta Tau Delta on yet another University-wide stage. At the beginning of our fall semester in September, we began the official two-week Rush period that ultimately lead to the extension of five bids to sophomore or transfer students, per University guidelines (Deferred Rush). We added five new members to our brotherhood this semester, all of whom we are proud to call our brothers.</p>

Chapter	School Name	Fall 2010 Chapter Report
THETA EPSILON	American University	The fall 2010 semester was a great one for the Theta Epsilon chapter. We received a 3.47 cumulative GPA for our chapter, which is very high for our school. We won the intramural flag football tournament and therefore were granted admittance to the regional tournament. Our Adopt-a-School program is the strongest it as ever been. We took a pledge class of seven of the brightest and most talented young men our school has to offer. We had two members sit on the inter-fraternal council including the Judicial Chair and the Executive Vice President. This summer we hosted Karnea for the nation and successfully performed the model <i>Ritual</i> . We also celebrated our 20-year anniversary as a chapter, and had alumni return from all over the country. It was a joyous occasion in which we were able to rekindle our roots and get back to our Delt beginnings. We are also once again doing our Christmas adopt-a-family, in which we are this year sponsoring Christmas for two under privileged families in the D.C. area. We look forward to brighter and better things to come!
THETA ZETA	University of San Diego	Did Not Submit
THETA ETA	Univ. of South Carolina	Theta Eta has accomplished a lot at USC this semester. We successfully moved 22 brothers into our Delt shelter, which is a complex of three houses on Pickens Street right on Campus. We placed first in Homecoming this year while paired with Alpha Delta Pi sorority. Each year, Greeklife at USC holds an event called Dance Marathon to raise money for children's hospitals in the Columbia area. We held a car wash to help raise money for Dance Marathon and raised over \$550 dollars. At the end of this semester our chapter was part of a forum designed to make recruitment at USC the best in the Southeast. We will be graduating a large group of seniors in the Spring and look forward to another successful semester in 2011.
THETA KAPPA	University of Nebraska-Kearney	Did Not Submit
THETA LAMBDA	UC-Riverside	The Theta Lambda Chapter of Delta Tau Delta at University of California, Riverside has been hard at work this fall quarter. We have been making great strides toward strengthening relations with our school and local community. This holiday season we teamed up with Moreno Valley Salvation Army to raise food and clothes to donate to families. We have also continued our Adopt-a-Street and Adopt-a-School programs. Our chapter was also recently recognized by the Superintendent of the Riverside School District for our continued efforts with Central Middle School and their after school programs. Another highlight from our fall quarter has been our intramural athletics teams. This quarter we made it all the way to the final round of student organization's brackets, and are continuing to compete in athletic competitions.
THETA MU CC	Clemson University	This past fall semester has been an exciting time for the Theta Mu chapter of Delta Tau Delta at Clemson University. We just colonized this semester, and currently have 42 brothers. Currently, we have the highest GPA on campus, a 3.3 overall. We need simply to focus on recruiting brothers before we become recognized as a chapter. We had two major functions this semester, a Semi-Formal and a Christmas Cocktail; both of these events have helped build our reputation within the campus community. We also have gotten involved in intramural sports. Our flag football and basketball teams are doing well, and we hope to finish high in the standings. In keeping with the Adopt-a-School program, we have adopted Fair Oak Elementary School. We also hope to volunteer to help the local fire and police departments. We are also in the process of planning our first major philanthropy event called "Sorority Showdown" where all the sororities on campus will compete in events. We look forward to the opportunity to represent Delta Tau Delta and become the premier fraternity at Clemson University.

Chapter	School Name	Fall 2010 Chapter Report
THETA XI	Eastern Michigan University	Theta Xi hosted a second month of Movember on campus, where members grow mustaches to raise men's health awareness. Brother Adam Slaman was a participant in Delta Zeta Mr. Greek, an event we helped them set up based, loosely, on our Miss Greek. The chapter also moved into a new house recently that has helped to improve recruitment. We wrap up the semester having had a fairly decent recruitment period. The chapter has been hard at work to make brotherhood and other social events nice for the chapter and guests, building our image on campus. Grades are up to highest on campus and we look forward to our new e-board.
THETA OMICRON	Univ of Northern Colorado	<p>This fall semester brought several big challenges as Theta Omicron chapter was facing declining numbers and the approaching graduation of many of its leaders. Due to excellent brother participation and a well planned rush week, recruitment turned out to be very strong as we had 25 men accept bids with 17 being initiated and several of those facing financial difficulties but pledging to rush Delta Tau Delta in the Spring. Theta Omicron also started a new philanthropy this semester, raising over \$300 and collecting clothing for homeless Colorado citizens. We continued our commitment to DTD's official Adopt-a-School philanthropy and for the first year ever involved a different sorority every week in our after-school activities with the kids. We also worked hard to continue our commitment to academic excellence as the recognized top fraternity on campus in terms of GPA, and hope that our efforts will lead to another award here in the spring. Theta Omicron is also proud to represent the student body with three of the seven student senate seats held by Delts.</p> <p>The chapter also managed to capture the University of Northern Colorado's Greek Cup as the top fraternity on campus with our president receiving a six foot trophy in front of the entire Greek student body. Theta Omicron also captured the intramural flag football championship in a victory over Sigma Chi.</p>
THETA RHO	University of Dayton	<p>Theta Rho has been faced with a challenging semester, but it has been a great opportunity to regroup and rekindle an environment of leadership. After running into trouble after the porch collapsed last spring, Theta Rho was put on social probation for this semester prohibiting all social activities. Theta Rho took this very well and used this time to refocus the fraternity and its leadership to be better brothers. Our chapter decided to take a year off campus and have withheld from having a Delta Tau Delta house on campus while also not taking a fall pledge class. But all these tough decisions have served us well as Theta Rho was able to put itself in a position to be stronger and more influential when social probation ends in a few short weeks. Theta Rho has established a housing coalition to address and re-secure Delts position on campus with a great house for fall 2011.</p> <p>Theta Rho participated in its annual fundraising at Cedar Point. Theta Rho has built a relationship with Cedar Point that allows us to send 30+ brothers to work for a day at various jobs for Cedar Point. In return, Theta Rho receives money that mostly goes to scholarships and lowering dues. We also had a very successful election, filling all the position with a fresh group of eager brothers ready to give back to the Fraternity. We are excited to move forward and build off this challenging, but critical part of our chapters' history.</p>
THETA TAU	Moravian College	Did Not Submit
THETA CHI	Muhlenberg College	Did Not Submit
THETA PSI	Albertson College of Idaho	Did Not Submit
THETA OMEGA	Northern Arizona University	Theta Omega put on a new philanthropy event titled "Protect the Ta Ta's, Capture the Flag for Breast Cancer Awareness". We were able to raise about \$250 to give to the Susan G. Komen Foundation for cancer research. Theta Omega has also actively participated with the Adopt-a-School program at a local elementary school.
IOTA ALPHA	DePaul University	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
IOTA BETA	Wittenberg University	Did Not Submit
IOTA GAMMA	Wright State University	The members of Iota Gamma Chapter of Delta Tau Delta have had a strong fall quarter at Wright State. As a chapter we have taken in 11 new members and have become much stronger as a fraternity. The brothers at Iota Gamma also participated in a Greek Unity fundraiser for Ally's Army. Ally's Army is a group that raised money for a local girl who has been diagnosed with cancer. Our members have been very active in supporting varsity sports, attending more than half the home soccer games. Our brothers have continued to maintain close friendships with other fraternities and sororities through many different socials. Like our annual Thanksgiving dinner with Delta Zeta and Alpha Xi Delta. The brothers of Iota Gamma have also worked hard this quarter on making stronger bonds as brothers by going to brother's night at Buffalo Wild Wings every Thursday night. We look forward to getting back to school next quarter and continuing our work.
IOTA DELTA	Quincy University	Our chapter added seven new members this fall. It is the largest fall pledge class our chapter has seen in some time. We initiated them the day before our chapters 10 year anniversary on campus. We had many alumni come back to help us celebrate our 10 year anniversary and the celebration went great. Our chapter has also been settling into our new shelter. We have worked on many home improvement projects together making our shelter look more appealing to future members and alumni. Our chapter can be seen around campus, recycling in all of the academic buildings. The chapters service efforts have continued to be strong, participating in community events such as the CICIL Wheelchair Basketball Tournament along with many activities on our host campus. We also have members in varsity soccer, Mock Trial, Resident Life, Orientation Team, Student Senate and the school newspaper, "The Falcon."
IOTA EPSILON	Chapman University	<p>The Iota Epsilon chapter of Delta Tau Delta at Chapman University has been very busy this past semester. A little over eight weeks ago, Upsilon class was pinned, and just recently its 33 member were initiated. The ceremonies of that night, both the sacred Rite of Iris and Initiation itself, went great, and our chapter is incredibly excited for each of our new members and hope to see their contributions to the chapter. Hazing Prevention Week took place in mid-September as our chapter led the effort to spread awareness and speak out against hazing on campus. This semester also saw the premiere of a new chapter event, the Delt Showcase. Put on in an effort to raise funds for our scholarship program, the showcase featured chapter members performing, and included acts such as stand up, musical groups, vocal performances, and more. Tickets were sold and an auction was put on to help raise money.</p> <p>Additionally, our annual Family and Alumni barbecue took place at the end of October to coincide with Chapman's Homecoming Weekend. We hosted a fun day of food, friends, and family for our alumni and families at a local alumni's house, followed by our homecoming football game. Another of our programs this semester was the Faculty Appreciation Luncheon. Put on in order to recognize the outstanding efforts of our dedicated faculty at Chapman, we honor their work as a part of our commitment to academic excellence. It has been a great semester for Iota Epsilon.</p>
IOTA ZETA	Virginia Polytechnic Inst & State Univ	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
IOTA THETA	Kennesaw State University	<p>The Fall 2010 semester was a time of growth and strengthening brotherhood for the Iota Theta chapter of Delta Tau Delta. Our rush was highly successful thanks to hard work, planning, and great recruitment techniques. We initiated 24 new members this semester and had the second largest new member class on campus. Iota Theta is now one of the largest chapters on the Kennesaw State campus and we are looking forward to working with the new brothers on expanding further. Our roster currently has 55 active members on it and some members that are out of school and will be returning in the spring. Our chapter has also managed to obtain two IFC executive board positions, IFC President and Vice President of rush. The chapter also held highly successful fundraising events this semester that greatly contributed to the chapter's growth.</p>
IOTA IOTA	John Carroll University	<p>The Iota Iota chapter is proud to have seven new members initiated this fall, each of which brought new and interesting ideas for the chapter to utilize and grow upon. The highlight over the fall semester is the chapter's sustained commitment to service and fulfilling Adopt-A-School hours. In partnership with John Carroll's Center for Service and Social Action, 10 brothers took on the challenge of teaching the Constitution in local Cleveland schools as part of the "We the People" program. Also, living the <i>Ritual</i> has been a focal point of our members as facilitated by our guide who presented the chapter with weekly challenges to serve as a reminder that the <i>Ritual</i> provides answers for many of life's endeavors. Lastly, our feature event of the semester was a pumpkin carve-off and dance with Kappa Delta sorority in celebration of Halloween.</p>

Chapter	School Name	Fall 2010 Chapter Report
IOTA KAPPA	Appalachian State University	<p>The fall semester for the Iota Kappa Chapter of Delta Tau Delta at Appalachian State University was a very busy one. Our brothers did a great job staying involved in their community. From street and stream clean-up to work at the humane society and local churches, the chapter as a whole earned well over our goal for community service hours. The first brotherhood event that we had in the fall semester was the Nascar race in Concord, N.C. We spent the mid-October weekend tailgating and attending the numerous festivities for the event. It was a great weekend highlighted with great weather and a much needed brotherhood retreat. This semester, we also held our third annual Sharp Dressed Man charity event on campus. It was once again a big success, generating approximately \$1,600 for our charity LiveStrong. Always a hit, the philanthropic event is one of the most recognizable and popular on the campus of Appalachian State.</p> <p>Along with brotherhood and philanthropic activities, we have been bringing our 20 new members closer and closer to initiation. The Iota class has been great, and are doing their part in the community as well as within the fraternity. With a strong focus on academics and several future leaders among them, the new members are going to provide a great future for our chapter. They were initiated on Friday, Dec. 3rd, and we as a fraternity greatly anticipated their welcome. From our continued involvement in the community to our strong brotherhood, we as the Iota Kappa Chapter had an outstanding 2010 and are looking forward to the future.</p>
IOTA LAMBDA	University of Tampa	Did Not Submit
IOTA NU	Florida Atlantic University	<p>The Iota Nu chapter at Florida Atlantic University had a successful semester. We initiated our first pledge after becoming a chapter with a class of 21 men. We had two successful philanthropies this semester. First was our Naked Mile raising \$5,400 dollars to the Salvation Army by donating clothes to the poor. Our second philanthropy was Movember raising awareness for prostate cancer and men's health in the month of November. Our chapter grew out mustaches which people sponsored, sold shirts and wristbands and cozies. We raised \$2,352 to the Prostate Cancer Foundation and the LiveStrong foundation. Our chapter had a successful community service event with the YMCA of Boca Raton, during Halloween we operated the hayride and other activities for the children. Our chapter won intramural water-polo and intramural hand ball.</p> <p>We won our very first Homecoming week with Theta Phi Alpha sorority. Our organization had the most FAU pride during the week winning the float in the Homecoming Parade and the spirit banner. Also during the week we donated the most can goods to the Helping Hands of Boca Raton. Our chapter just recently initiated the colony at Florida Institute of Technology. On Dec. 11th we are having our Winter Formal in Orlando, Florida.</p>
IOTA XI	Florida Institute of Technology	Did Not Submit
Sacred Heart CC	Sacred Heart University	<p>This fall semester turned out to be the most important semester yet for the brother's of Delta Tau Delta at the Sacred Heart University colony because we are making the big push to be recognized nationally. It was crunch time for us as we stepped up our recruitment process so we could not only increase our numbers but bring in quality men who display the qualities of "living the lives of excellence" thanks to the motivation of "Fired Up" a Greek Life recruitment association that traveled to Sacred Heart last spring to help all the fraternities and sororities maximize our recruitment. We also bonded together to construct our petition and organize our committees. Financially we were able to instill a payment plan that has been successful this year to meet our budgeting needs making us more financially stable and still be convenient to the members of the fraternity making it affordable for all our fellow men.</p>
Pepperdine CC	Pepperdine University	Did Not Submit

Chapter	School Name	Fall 2010 Chapter Report
Quinnipiac CC	Quinnipiac University	<p>The fall 2010 semester has been extremely successful and eventful for the Delta Tau Delta Crescent Colony at Quinnipiac University. Our brotherhood committee has been taken to new levels this semester. Different brotherhood events occur each week including Xbox tournaments, getting together to watch Monday Night Football, and buffalo wing and pizza nights. Throughout the semester brotherhood bonding teams have been established to foster healthy competition, we have created a poker circuit for all those interested and have held a pseudo Thanksgiving family style dinner for all of the brothers to get together as the semester is winding down. The Road has taken new form as we have tailored the program for our individual organization's needs including sessions on resume building, car maintenance skills, and a first aid seminar. Also, our intramural soccer team has produced a championship. We have made major strides in our efforts to raise money for the Movember Foundation.</p> <p>This past semester we held our first annual flag football tournament and through proceeds from the tournament along with online donations we have already surpassed last year's total. We held Quinnipiac's first facilities appreciation dinner, participated in our first campus wide Greek Week in which we won events in Cheerleading and Jeopardy, and collaborated with the Student Programming Board to help host part of Welcome Week this past September. Community Service has really grown as we have continued our Adopt-a-School efforts as well as started trips to clean the Sleeping Giant state park and volunteer at Master's Mana each week. We have also put together a parent's newsletter so that all of our brothers' parents are kept in the loop about what their sons are participating in.</p>
Babson CC	Babson College	<p>At the start of the semester, the Babson Crescent Colony was created through a pledging ceremony held by the Beta Mu Chapter. Since then, we have been working toward our goal of chartering in one semester and have set a date of Dec. 4th to become the Iota Omicron chapter. We have run our first two pledging ceremonies this semester after having seven new pledges, six of which have successfully completed their new member education. The very first families have been started and paddles have been created for all of the families. This past month we held our first elections and now have our first elected executive board. Upon meeting the average chapter size on campus, we calculated our collective grade point average which was the highest of any fraternity on campus. On the brotherhood front, we have been holding consistent brotherhood events to strengthen the bond between our now soon-to-be brothers.</p>

Chapter	School Name	Fall 2010 Chapter Report
Vermont CC	University of Vermont	<p>The Vermont Crescent Colony of Delta Tau Delta welcomed 14 outstanding new members in the fall of 2010. The implemented recruitment plan was put to work this semester doubling our total members from 12 on Sept. 1st to our current roster at 26 Delts strong. These new members are exclusively 1st and 2nd year students all of whom are prepared and capable of soon establishing the charter. The colony officially teamed with Vermont's Make-A-Wish Foundation local chapter in Burlington. Delts hosted two successful grilled cheese cookoffs raising over \$250 for the Make-A-Wish Foundation and implementing a \$1000 fundraise goal through the Spring of 2011. Our men continue to maintain involvement in many additional student organizations at UVM. The colony has three Delts working as Building Managers in the state-of-the-art Davis Student Center, others volunteering for the Vermont Adaptive Ski & Sports Club, Ski & Snowboard Club, Wakeboarding Club, ROTC, Club Football Team, and Intramural Dodgeball teams.</p> <p>After taking 2nd place overall in Greek Week, 1st place in the 2010 IFC Dodgeball Tournament, and achieving semester grades among top five academically on campus, Delts have competed and dominated over other chapters as a colony. The Spring of 2011 will be the last semester for 11 Delts, as the rest of our men have already started to transition into their newly elected positions. With plans to recruit 20 new members through February 2011, the colony is dedicated more than ever to petition in the Spring.</p> <p>Delta Tau Delta has brought interest unlike any other fraternity and sorority on campus to GO GREEK and more importantly for the men, GO DELT. We are athletes, we are scholars, and we are gentlemen. As colony president I am extremely proud of our colony even though it has, officially, taken two years to reach this point of success. Delta Tau Delta shows promise and composure with its current foundation, and we as seniors look forward to passing our positions down to the next generation of outstanding Vermont Delts.</p>
